VISION & MISSION

Project G.A.I.N (PG), is a nonprofit (501c3) organization striving to eliminate poverty in Choctaw County and surrounding areas by advancing the community and securing its future through leadership and professional development.

PG's goal is to change the trajectory of our socio-economic status by equipping and providing the community with developmental tools and opportunities to break intergenerational cycles of poverty through real life experiences.

L.I.F.E. UNIVERSITY

L.I.F.E University (LU) is an initiative designed to provide youth leaders with guidance, support, training, and experiential learning. LU provides an inclusive space for youth to explore their goals and visions, build on their full potential, and develop their gifts and talents. As a foundational training program, L.I.F.E University equips youth with knowledge and real-life experiences in four key areas: Leadership, Innovation, Fellowship, and Education.

LEADERSHIP **FELLOWSHIP**

INNOVATION **EDUCATION**

WASHINGTON HEIGHTS HOPE CENTER

Washington Heights Hope Center is a community space that develops and strengthens the community through training and experiential learning. The Center provides an interactive platform where people can bring ideas to life, expand efforts, share knowledge and resources, and build leadership skills. Through creativity, community engagement, artistic vision, and innovation, Washington Heights Hope Center helps bring people together to address needs and create opportunities within our small rural community.
